

Safety Card: Hoop

Hoop is an app that lets its users “make new connections”. Users can access the platform using their Snapchat account, which then pulls their Bitmoji character across however their username remains private. Users can also add their Hoop profile to their Snapchat story to encourage others to download and use the App.

Stay safe on Hoop using the instructions on **Reporting & Blocking** below.

Report

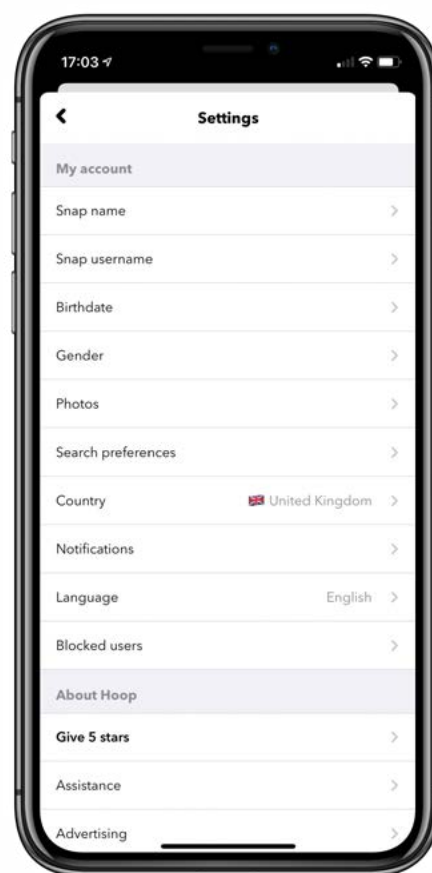

Report a user using these simple instructions;

- > Tap on  at the top right of the users profile.
- > Tap on **Report this user**.
- > Select a reason for reporting the user
- > Tap on **Report this user**.

Block

Block a user using these simple instructions;

- > Tap on  at the top right of the users profile.
- > Tap on **Block this user**.
- > The user is now blocked.
