

# Telegram

Telegram is a cross-platform messaging app that claims to “deliver messages faster than any other application.” It combines familiar elements from platforms like WhatsApp and Twitter into one messaging service (though it is not linked directly to any other social media platform).

Stay safe on Telegram by using the instructions **Privacy, Blocking & Reporting** below.

## Privacy

Configure your privacy settings using these simple instructions:

- Tap on **Settings** in the bottom right corner of your app.
- Tap on **Privacy and Security**.
- From this menu you can configure your privacy on your last seen status, your profile picture, and more.

## Block

Block a user using these simple instructions:

- Select the contact you want to block.
- Tap on their name or their profile picture.
- Tap on **More** and then **Block User**.

## Report

Report a group using these simple instructions;

- Tap on the name of the group or profile picture.
- Tap on **More**.
- Tap on **Report**. Select your option and tap **Report**.
