

Yubo is a social media app that allows users to make friends by swiping through profiles in their area. Users can also live stream and chat 1-2-1 or as a group. It's currently available on Android and iOS phones. Users have to be over 13 years old to use this app and Yubo uses 'age-gating' technology which aims to match users with others of similar ages.

Stay safe on Yubo by using the instructions **Privacy, Blocking & Reporting** below.

## Privacy

Configure your privacy settings using these simple instructions:

- Tap on  in the top right corner of your app.
- Tap on  in the top right corner.
