

HiPal Walkie Talkie is a free online social networking app that allows users to talk to others using their phone as a 'walkie talkie' style device.

**Stay Safer on HiPal by following the instructions below:**

### Reporting and Blocking

- When viewing chat with a user, select the three dots menu.
- To block an account, select '**block**' when viewing the account.
- To report a post, select the option for '**share to**'.
- Then, select '**report**' and the reason for reporting the account.
- You will then be prompted to enter further information and given the option of uploading a screenshot of content.
